Words with able suffix.

- The -able ending is used if there is a related word ending in -ation.
- If the -able ending is added to a word ending in -ce or -ge, the e after the c or g must be kept as those letters would otherwise have their 'hard' sounds (as in cap and gap) before the a of the -able ending. E.g. changeable.
- If your root word ends in a y, you must apply the rule of adding suffixes: change the 'y' for an 'i' and add the suffix. E.g. rely + able = reliable.
- The -able ending is usually, but not always, used if a complete root word can be heard before it, even if there is no related word ending in -ation. E.g. enjoyable.
- There are some words that don't follow the rules and just have to be learnt.
