

Year 4 Homework-Autumn 2020

The Greatest Show!

These are your child's homework activities for this term. Activities may be linked to the topic your child is studying in class or a specific curriculum subject. Children will need to draw on a range of subject specific skills to complete these activities. Some tasks may be independent, whereas others may include working together to produce, make or solve something. Your child can select activities which they are interested in and want to achieve. Please remember that tasks can be done to suit your circumstances week to week, that may be a little each week or more one week and less another thus allowing greater flexibility to work on home learning in an ever-busy world.

When your child has completed a task, please upload a photo (or document) to Showbie. Every child has their own Showbie login and this term we will be celebrating our homework in class using the Showbie platform. All tasks are to be uploaded by **Wednesday 9th December**. Your child be encouraged to talk about the activities they have been completing at home using Showbie to share their efforts. We look forward to seeing how many activities you can complete!

Shorter Activities			Longer Activities
English/Maths games Complete some of the Maths or English games on our year group webpage to support Maths and English skills for this term.	Art and design Design and create a poster persuading people to come to a circus.	Science Design a poster to show how important it is to clean your teeth well and what will happen if you don't. It can be done on a computer or drawn by hand.	English Write a story about someone that joins the circus and the adventures they have there. Plan it first and show your parents, then write it. Really try to get your main characters thoughts and feelings across to the reader.
Play a game Play a game of Snakes and Ladders. Take photos. Perhaps you could have a Snakes and Ladders championship with your family?	Music Create a song/rap that will help other children learn their 3 and 4 times tables.	Geography Research where in the world Gorillas can be found. Choose one of the countries and compare it to England. Think about things like the weather, how many people live there, how they live and if you would prefer to live there or here.	Free Choice This activity is a free choice. You can choose an area of interest that is linked to our topic. Then decide on how you want to show your learning. Will you make a model? Write a story? Create a non-fiction booklet? Make a map? Build something? Create something? Use ICT? Work with others or independently? Decisions!! Decisions!!
History Research the life of acrobat Jules Leotard. Find out: <ul style="list-style-type: none">● Where he lived and was born● What he did● How he died	ICT Create an e-safety PowerPoint to educate Year 3 children about staying safe online. Create a wordsearch to go alongside the quiz that has key words about staying safe online in it.	English Write an information booklet about Gorillas. Explain in the booklet: <ul style="list-style-type: none">● Where they can be found● Why they are in danger● Roughly how many there are in the world● What we can do to protect them	Longer Project Can you create a circus tent out of materials you can find at home? Make sure it is colourful and decorated well so people would want to come to it. It can be as detailed as you like but make sure it is your best work!
